

Request for Boat Lift Installation/Slip Modifications

Slip Owner: _____
Address/e-mail: _____
City: _____ State: _____ Zip: _____
Phone #: _____
Boat Slip # _____

Contractor Installing Lift: _____
Contractor Telephone/Cell: _____
Approximate Date of Installation: _____

Signature of Slip Owner Date

Please provide Contractor's proposal of the boat lift with this form & \$100.00 fee. Check to be made out to SSBOA. Boat lift contractors cannot park any equipment (barge or boat) in our marina guest slips for more than 3 days prior to starting a lift project and no more than 3 days after a lift project is completed without marina committee approval. There will be **a fine of \$500.00 to the slip owner** if this occurs without approval and a logical explanation given.

**No finger pier on west side of marina, north of the observation deck, should extend past 30' from the boardwalk.
No piling is to be added, replaced, altered, or removed in the marina without marina committee consent.

This will be done through the portal as a marina work request but no fee will be charged as long as it is maintenance.
